

Hands English School

Lesson Syllabus for **Returnee** Intermediate Level

Week 1

◆ English

Conversation time

-Let's get to know each other!
Students will talk to their teacher and classmates, to get to know each other better! Let's play a little guessing game! Can you guess your classmate's favorite colour/food/sport etc?

Target Vocabulary:

"Do you like _____?"
"What's your favorite _____?"
"What _____ do you like?"

Student Profiles!

- The students will be making a small profile about themselves. This will include some basic information about each student, that we can display in the classrooms, so new students can get to know the current students better!

(Complete Profile)

(SNACK TIME)

Goals!

-Students will be required to write a few sentences about their goals for the 2018 school year. Let's see if we can work hard and achieve those goals together!

Target Vocabulary:

"I want to _____"
"I hope I can _____"

Week 2

◆ Mathematics

Organizing Information.

-When we conduct things like studies, surveys or questionnaires, we are left with a lot of information to organize. A good way to show information we collect, is by using things like charts and graphs.

Point:

Explain what a graph is to students, get them to write a definition and example graphs in their math notebooks.

Simple Survey.

-The students will choose 3 questions to ask their classmates, teacher or staff at school. The questions will be answered in a "yes or no" format. Once the questions have been answered the students will then organize the information they received, and prepare to show it in a bar graph.

Point:

Help students design questions and make sure they ask using proper sentences.

(SNACK TIME)

A Simple Bar Graph!

-Students will present the information they have in the form of a simple coloured bar graph.

Week 3

◆ Science

Gem, Jewels and Minerals!

-The Earth naturally forms some of the most beautiful gems and minerals! Do you know what any of them are? Do you know the names of the different coloured gem stones? Let's learn about some amazing stones!

Target Vocabulary:

"Do you know what this is called?"
"That is a _____"
"What colour is a _____"
(Complete worksheet)

(SNACK TIME)

Experiment.

- Making Crystals!

-Crystals are made from many different things; Ice, minerals, molten rock and salt. Follow the teachers instructions to see if we can make some crystals out of salt! We must be patient though, they do need time to form!

Target Vocabulary:

"What should I do next?"
"Is this enough?"
"Can you help me please?"
"I don't know what to do!"

Week 4

◆ Arts and Crafts

Rock Ornaments!!

-Many rocks that you find around town can be rather boring! The colours of rocks are very limited, usually being grey, black, white or brown. Let's paint some rocks together and make ornaments for your room! We can paint faces on the rocks to make them monsters or characters! We can also paint patterns on the rocks to make them more interesting!

Target Vocabulary:

"What ideas do you have?"
"I think I'm going to _____"
"Can you pass me the _____?"

Show and Tell! (WEEK 1)

-Every month in week one, we ask the students to bring in an item from home, and show the class! We ask that students prepare a short speech as well! This week, students are free to bring in anything they like!
